

## *TEAM RULES FOR CLARENCE MUSTANG PLAYERS*

1. All players will wear a shirt and tie along with dress pants to and from all games.
2. We will conduct ourselves in a class manner at all games. This includes cleaning up after yourself in the locker rooms.
3. Fifteen minutes before all games and ten minutes before practices is chalk talk time. The only people to be in the locker room are players and coaches. This time we will use to prepare the team. Also we will talk to the boys for up to ten minutes after games and some practices.
4. The team captain and assistants will get the team quiet for the coaches prior to the talk. Players will be expected to be fully dressed and equipment bags put away before chalk talk. They should also have their off ice stretches done.
5. Everyone has a job to do on this team. Players play, coach's coach. Do your part and let the others do theirs.
6. Conduct, attitude, practice, and attendance all play a major factor in the amount of ice time you may receive. This includes power plays for and against along with special situations.
7. When a penalty is called go directly to the penalty box. The coaches will deal with any response to a referee by a player. If you receive another penalty after the first call, this may cost you ice time.
8. All players (not parents) will be required to make a courtesy call to the coach if you cannot attend a game or practice.
9. At no time will I tolerate any players criticizing another player, instead give them some encouragement.
10. Sportsmanship is the name of the game. We win like a winner and we lose like a winner. There will not be any stick slamming or poor sportsmanship on our team! We will shake hands responsibly before or after each game.
11. As a player on this team, you are expected to maintain good grades in school, act responsibly, and maintain your responsibilities at home. We will be staying in contact with your parents on these issues.
